

Having a party at The Cherry Tree?

The Cherry Tree Hotel is a relaxed & quirky pub nestled in the backstreets of Cremorne, regularly frequented by many a lovable soul. It boasts one of the finest selections of craft beer taps in Melbourne and food made with love.

Contrary to many other locales, The Cherry Tree offers a space for your party for nix. That is, no room hire, no minimum spend, no hidden extras. You just pay for what you eat and drink. Sound easy? it is, but first we ought to explain the deal...

1. We require a \$200 deposit to secure the booking. This is to insure against cancellations and any silly or malicious damage by yourself and or your guests (this includes when you leave the premises). Your deposit is refunded in cash the following day.
2. We serve the food so no BYO sorry. Cake & confectionery is fine though.
3. Music? The good news is, on Friday & Saturday nights we provide a DJ of the highest quality, from our revolving roster of musical aficionados. Even better - at no cost to you! They don't play any top 40 rubbish so requests are usually out. That's why we hired them! Because like our beer, they are masters of their craft! Owing to the acoustics of the pub, BYO tunes are impossible.
4. You can run a tab, or not. Totally up to you. What you want included on the tab is again, up to you.
5. We do have a back bar for you to utilize, however we need at least 90 guests to justify its opening. When peoples' thirst diminish, we will close the back bar, at which time guests are most welcome to help themselves to the bounty in the front bar.
6. If we do open the back bar, you're welcome to nominate what beers you'd like on tap, from the current front bar selection, which changes frequently and it's all craft. Owing to the vagaries of beer plumbing, there may be the odd beer that can't be done. Once again, it's all craft beer and at very reasonable prices. If you really REALLY want CUB or Lion beers then we can point you to a pub in any direction in this area. Back bar prices are the same as the front bar. We don't take the piss. However we do serve Piss...
7. Minor decorations are generally ok, just run it by us first. Glitter or sequins? Hell no!
8. We can't guarantee exclusivity on the room from the start. For instance, we may have the odd few guests dining when the party starts. Moreover, parties with up to 40 guests may be sharing the room for the entire evening. Not to worry there's plenty of space...

9. 18th & 21st birthdays, bucks parties, sporting club bonding sessions & mad Mondays are a BIG no-no. 1st Birthdays are fine!
10. Furthermore, we cannot book any large events on a Friday night, such as trivia or anything that requires the whole back dining room. Our Friday afternoon & night traffic has become increasingly demanding which has made it impossible to book the entire space.
11. Gift bottles of booze are fine but must remain sealed. Any open bottles will be consumed by the kitchen. Rest assured our Chefs work hard, are frequently thirsty and will drink anything, even that bottle of cheap savvy b your friend thoughtfully bought from BWS on the way to your party.
12. Your children are welcome, but being a pub, mature guidance is essential. Moreover, there are a multitude of ways they can injure themselves if unsupervised, i.e. fireplaces, cellar trap doors, towering wood piles. Your spawn, your responsibility.
13. We are bound by the tenants of responsible service of alcohol and by common sense. So be aware that if people get silly or agro, we'll wind up the party.
